

NLIU मंथन

Discuss, Debate and Deliberate

Concerned with promoting the standards of legal awareness in the University and with an aim to develop NLIU as a knowledge hub for legal development in the country, we plan to start the 'NLIU मंथन'.

The NLIU मंथन aims to bring together students as well as the faculty of the University to come together to discuss, debate and deliberate on issues of national and international importance. We plan to choose a topic for discussion by the Friday of every week and circulate the basic reading material through the Facebook Group of NLIU मंथन to ensure an informed discussion on the Wednesday of next week. Moreover, the topic of discussion along with some relevant material will also be put-up on the Notice Board outside Room No. 1, Academic Block I.

It is a humble request to the student community to come together every Wednesday evening and join in the endeavour to enlighten and create brighter legal minds.

Hoping for maximum support and participation!

Time: 6 p.m., Every Wednesday

Venue: Room No 5, Academic Block I
