---

## **ABOUT US**

---

The NLIU Sports Committee is a body of students responsible for conducting sports related activities in the campus. It organises various sports events and NLIU's National Sports Fest, “VIRUDHAKA”, every year. As a three-day mega sports event, VIRUDHAKA, stands as a culmination of NLIU's deep seated commitment to all-round development of its student with the testing and comparable spirit of their contemporaries in top Law Schools across the nation, The trend of Sports Fests has gained momentum in all top law schools, redefining the lives of law students by involving sports as a regular recreational activity.

## **INTRODUCTION ABOUT THE EVENT**

---

Aavahan, as the name suggests, means invocation, that is, the action of invoking something. This event has the capacity to invoke the latent talent of not only the players participating but also the spectators by serving as an excellent platform for students across the institutes to exhibit their skills and to be recognized by their talents. Born out of the idea that sports have fixated glamour involved within and the fests organized across the country, have become exclusive and competitive in nature, Aavahan, the most awaited inter-college sports event epitomizes the zeal like no other fest. With the last edition witnessing extensive participation, we are back with 7th edition of Aavahan, ensuring inclusivity and vibrancy. Keeping professionalism, transparency and fair play in mind, a dazzling array of events shall be offered in accordance with the best practices, and with professional referees and umpires.
